The Technical Company is a free program where students in grades 7-12 gain pre-professional skills in set design, set construction, scenic art, props, costumes, sound design, lighting, special effects and backstage management. Students accepted in our apprenticeship program receive training from our professional theatre carpenters, scenic artists, sound engineer, and technical directors.

Students work on scheduled Saturdays usually between 9:00 A.M.-1:00 P.M.

See the guidelines for the program for more details.

Answer the following:

1. Do you have any conflicts that will prevent you from working on Saturdays? (if none-write none)
2. What areas of Technical work are you interested in? (Check all that apply. Circle those that you already have experience in)

set design set construction scenic art props costumes sound lighting sp. Effects

3. Which power tools have you used before?
 table saw chop saw circular saw jig saw power drill power screw gun

4. Have you ever worked backstage during a play?

***In the interview be prepared to discuss how you have demonstrated commitment in another activity you have been involved in.
